EYE MD'S

There will be several Board Certified Ophthalmologists available to screen for cataracts, glaucoma and diabetic retinopathy, as well as to answer any questions you have about your eyes. The goal of this event is to provide access to services for the uninsured.

If you or anyone you know has not had an eye exam in the past two years or has eye problems you are concerned about, take advantage of this free service. Screenings are limited on a first come first serve basis. Eye glasses and prescriptions for eye glasses will not be available at this event.

- Certified Diabetes educators will be on site
- Flu Shots
- Blood sugars, cholesterol screenings and cancer risk assessment by Christiana Care Health Services
